4234DT
SERGER

Give your projects a professional look with the 4234DT that offers 2, 3, or 4 thread stitches. Its large extension table provides space for big projects while its free arm makes it easier to sew sleeves, trouser legs and hard-to-reach places. This user-friendly machine comes with one-touch 2-needle threading plus a blind hem foot and trim trap.

AIRFLOW3000
SERGER

With 2, 3 or 4 thread stitches, the AIRFLOW3000 gives projects the professional, clean finished edges they deserve. Brother's Jet Air threading makes threading a breeze, and the quick-change levers easily activate/deactivate the rolled hemstitch feature and the cutting knife. Includes a gathering foot, blind stitch foot, piping foot and trim trap.

Crafty gifts with personality

SP1

SUBLIMATION PRINTING

Whether for a hobby or small business, the compact SP1 Sublimation Printer lets you quickly and easily personalize projects at home. Design vibrant patterns, motifs or decorations for tumblers, tees, totes and more with Artspira, Brother's editing and design app, then print them on sublimation paper for heat transfer to a variety of materials.

SDX325

CUTTING MACHINE

Scan your own designs to cut fabric and paper for quilts and appliqués with the SDX325, the only home and hobby cutting machine with a built-in scanner. It features Auto Blade Sensor Technology that detects material thickness, a 5" LCD screen for easy cut data editing, and transfers designs between the ScanNCut DX and select Brother sewing and embroidery machines, no PC required.

HLJF1
